

## Alpha Gold Message Pager

### Versatile

The Alpha Gold message pager is compact with a 4-line backlit display which can display messages of up to 80 characters. It can store up to 20 messages and can be programmed with a silent alert or from a range of audible alerts.

### Discreet

For complete discretion, it can be programmed to alert you silently of an incoming message. You can also choose from a range of audible alerts.

### Reliable

You can rely on receiving your messages within seconds. Paging Networks use advanced satellite technology to relay messages to you via transmitters located across the UK.

### Easy To Use

Leaving messages for you on your pager couldn't be simpler. Just call the unique pager telephone number and either key in a numeric message at the voice prompt or hold to speak to an operator who will send the message.

### Call Charges

Calls to this pager from BT landlines are charged at a fixed fee rate, irrespective of the length of time that you are on the phone.

The BT tariff code is 'ff9 - Calls to Fixed Fee Numbers'.

Other operators (including mobile networks) may charge different rates.
